

Hercules HP 3K BOP Family

Part of the extensive portfolio of rod BOPs

As the entry point into the Hercules™ HP line of BOPs, our various high-pressure BOP designs can handle a wide range of pressures in the most extreme applications. Our market-leading manufacturing, quality, engineering, and service teams set the highest standard in the industry for supporting our customers' production needs.

3K NACE BOP

Pin x box size	Ram size	Part number
2 3/8 in. EUE	1 1/4 in.	17532022-001
	1 1/2 in.	17532023-001
	Blind	17958454-001
2 7/8 in. EUE	1 1/4 in.	17532024-001
	1 1/2 in.	17532025-001
	Blind	17922302-001
3 1/2 in. EUE	1 1/4 in.	17532026-001
	1 1/2 in.	17532027-001
	Blind	17532028-001
3 in. LP (8V)	1 1/2 in.	18532367-001

3K Non-NACE BOP

Pin x box size	Ram size	Part number
2 3/8 in. EUE	1 1/4 in.	17958452-001
	1 1/2 in.	18316921-001
	Blind	18316922-001
2 7/8 in. EUE	1 1/4 in.	18316923-001
	1 1/2 in.	17999428-001
	Blind	18316924-001
3 1/2 in. EUE	1 1/4 in.	18316925-001
	1 1/2 in.	18316926-001
	Blind	18316929-001

Specifications

- 3,000-psi maximum working pressure
- Connections: 2 3/8, 2 7/8, and 3 1/2 in. EUE box up x pin down (standard)
- Rams: Blind, 1 1/4 and 1 1/2 in.
 - HSN seal material standard
 - AFLAS seals available upon request in NACE model only
- Rams and End Caps can be inverted when a pin up x box down configuration is required. Inverting the rams is not required up to 3000psi but provides improved sealing due to the pressure balanced ram design.
- 1/4 in. NPT ports above and below rams for bleeding pressure
