

Hydra Rig Certified Pre-Owned Program

Operate the best coiled tubing equipment at a reduced price

They say you get what you pay for, so when you're purchasing coiled tubing equipment, an attractive price can come with headaches that cost savings can't fix. Now, we can provide you the best of both worlds with our certified pre-owned coiled tubing equipment at industry-best pricing.

We are proud to announce our new Hydra Rig™ Certified Pre-Owned (CPO) program that allows us to offer factory refurbished injectors and full coiled tubing units (CTUs) at significantly reduced prices.

How does the program work?

- Used equipment is procured using our substantial global network of contacts
- All hoses are replaced, and motors and gearboxes are rebuilt or replaced
- All questionable items are replaced with new parts
- After refurb, injector or entire CTU is inspected to ensure it still meets our rigorous quality standards
- Six-month warranty provided
